CRU BOURGEOIS

2019

WEATHER CONDITIONS

The mild and rainy winter of 2018-2019 allowed precious groundwater reserves.

The spring weather was good for the vines' growth although it was slowed down in April.

The summer of 2019 will be remembered as one of the hottest and driest summer since 1900. It offered ideal weather conditions for an homogeneous veraison.

HARVESTS

Harvests spread over 2 weeks, dictated by beneficial rainfalls that both hydrated and stimulated the vines. As a result, the harvested grapes were well-balanced and concentrated.

CHÂTEAU BEAUMONT 2019

Château Beaumont 2019 is characterised by roundness, harmony and fruitiness.

The merlots give a lovely fruitiness and some sweetness, while the cabernets sauvignons bring concentration and the petits verdots a spicy touch.
